He will share strategies for caregivers and talk about available resources, such as classes, materials, local support, and the broader services of Elder Options. Some of our members have heard Mr. Jones and speak highly of his relevant and helpful presentation. Let's take this opportunity to learn more, so that we may be better equipped to be a caregiver, a neighbor, or even a friend.

Don't let that stop you—come anyway and enjoy a cup of coffee or tea with us as we enjoy being together. See you there.

MOVIE MATINEE

Saturday, January 19, 2:00 p.m. - OPR

The true story of Anna Leonowens' experiences as a governess to the children of an eccentric Asian king has been adapted into a book of memoirs, a biography, a stage play, a 1946 film, a stage musical, a 1956 film, an animated film, and a short-lived TV series. In this adaptation, Leonowens is hired by the king of Thailand to help care for his children. The king wants the best for his children, but Anna soon discovers that he is a strong-willed but quixotic leader, and her stay in Thailand becomes a struggle for power with romantic overtones. 2000 drama. 147 minutes. PG-13 for some intense violent sequences. The Village Church is able to show this movie because it is covered by their CVLI license, which also prohibits the advertisement of the movie's title and actors' names.

ADVATEST EARLY CANCER DETECTION AND PHARMACOGENOMICS DNA TESTING BY ORAL SWAB

Tuesday, January 22, Beginning at 9:00 a.m.

**Call Member Services to Be Put on the List
Phillips Center Hallway**

Advatest facilitates two quick, easy tests for people wishing to learn more about their own health status and predispositions. Genetic testing is an essential means for long-term understanding of one's own health traits or tendencies.

Tests are conducted via a noninvasive oral swab, which is submitted to a laboratory for processing. The tests offer valuable information for both patients and their doctors to create informed strategies for appropriate diagnostic plans, monitoring, and any potential treatments.

Test 1: Pharmacogenetic (PGX) testing indicates ways that genes affect how someone will react to specific drug treatments. This helps physicians prescribe medications for maximum effectiveness and minimal adversity.

Test 2: Cancer genomics screening (CGx) provides critical insight on the ways that genetic mutations might create risks for various cancers. Early detection through this type of testing increases chances for survival and successful treatment.

Angie Welch with Advatest will be at ACV Tuesday, January 22, to perform swabs. She will begin

at 9:00 a.m., and she is prepared to stay several hours, if needed, to perform the test on everyone who wants it done that day. They work directly with most insurance companies so that the tests are at no cost to the consumer. Advatest secures coverage before the tests are run, so there are no surprise bills.

The process takes approximately 15 minutes per person. To keep people from having to sit and wait, Member Services (658-5400) is compiling a "wait list". If you would like to schedule a time to have your swab done, call Member Services to put your name on the list. If you are not on the list, you will most likely have to sit and wait until you can be fit in.

You need to bring your license/ID, insurance card, and your list of medications. For the PGX test, you must be on at least two prescription drugs. For the CGx test, you need to have a personal cancer history and/or have two family members with a cancer history. Your insurance company will only receive notice that you had the test done; they will not receive the results of your test unless you send it to them. You can have the results of your test sent to up to two doctors. Shortly after you receive the results of your test, a counselor will contact you to ask if you have any questions.

If you would like to speak with Angie about the tests, or to schedule an appointment to have the tests performed at another time, call her at (386) 365-3530.

PRODUCTION OF MARY POPPINS JR.**

Saturday, January 26, 2:00 p.m.

11:00 - DH & 11:15 - Lake Aquilla

We appreciate those who let us know last week they are interested in attending. We are making this an official trip and are ready to take official reservations.

The NFCC Community Theatre is producing Mary Poppins Jr., a musical stage version of the classic tale. Village Church choir member Madison Hallmark has been cast in the practically-perfect lead. We will be eating lunch at the Mobil station north of I-10 in Madison where there are three eating choices: Wendy's,

Dairy Queen and Subway, and then attending the show at 2:00 p.m.

We need those who would like to attend to pay the IC as soon as possible so that we can reserve your seat. We're not sure how quickly the seats will sell out, and we would hate for someone who wants to attend to miss the show because they waited too long. We will be calling daily to reserve seats for those who pay the bus fee and ticket price.

This production is NOT part of the artist series season ticket. Members pay \$17 for bus fee and ticket and non-members pay \$20 for bus fee and ticket. (The bus fees listed in last week's FNN were incorrect.) Lunch will be Dutch treat.

MESSAGE: "The Absence Of Love"

TEXT: 1 Corinthians 13:1-3

All are welcome to attend the HARBINGER BIBLE CONFERENCE SOUTH on February 7-9 in BC. The speaker each evening at 6:30 p.m. will be Rev. Gene Peters. On the Friday and Saturday of the conference, Rev. Art Stone will provide the 9:30 a.m. Bible studies, and **Rev. Michael Saunders** will provide the 2:30 p.m. Bible studies. The theme for the conference will be *The Bedrock Truths of the Faith for These Last Days*.

A GLIMPSE AT MISSIONS AT THE VILLAGE CHURCH

Do you have any members of your family who are, or have been, involved in missions? Have you been on a short-term mission trip, or helped financially for another to go? Then I am sure that you possess a spiritual understanding and passion for prayer for those who are serving the Lord in a different culture, whether abroad or at home.

Are you aware that Bixler Church has two so-called "circles" of ladies who meet together once a month for fellowship, and sharing of needs and prayer, specifically for those involved in missions? While we may seem to major in Advent Christian endeavors, in truth we are concerned, pray, and give for a wide variety of ministries throughout the world. In weekly prayer guides we are reminded to pray for some of our own younger folk who work with Navigators, Wycliffe, and independent missions as well. Over the past two decades, several of our Village folk have gone to Honduras on short-term projects.

A group of ladies meets on the **second Monday morning of each month** in Classroom 6 (church rooms) at **9:30 a.m.** They are led by **Barbara Phipps**, and would be happy to have you join them. Another group of women meet each **second Tuesday evening at 7:00 p.m.** in the DR (behind RDR). They are led this year by **Dolores Moore** and would also be happy to have you visit and join them. While it is considered a "ladies" meeting, we are always happy to have men participate also in this important aspect of "backing up" our front-line workers. The whole work of missions, evangelization, discipleship, is the responsibility of the whole church body. You may want to put that on your own personal calendar **NOW**.

WH&FMS VESTA CLOTHEY CIRCLE

WH&FMS Vesta Clothey Circle meets on the second Tuesday of each month at 9:30 a.m. in Room 6 at the VC. The lesson for January emphasized the importance of staying focused on God in order to know how to serve Him better. As a follow-up, this circle will be collecting used eyeglasses to donate to the Lion's Club, which is very active in a ministry to help improve vision throughout the world. Used eyeglasses may be placed in the boxes at the IC or church foyer. They will be delivered to the Live Oak Lion's Club on February 11.

Barbara Phipps

MEMBER SERVICES James Sutter-658-5400

Many of ACV's clubs are starting anew this month. Are you involved in one or more of them? There are so many opportunities: ceramics, gardening, photography, bridge (cards, not structures), painting, jewelry making, singing ... If you like to do it, there's probably a group that gets together to do it. And if there isn't, let me help you put together a group of your own.

We're happy to have Advatest back on the 22nd. Advatest performs non-invasive swab tests to provide information to you about cancer detection and prescription drug compatibility. See the article on page 2, and call Member Services to add your name to the wait list to get tested.

Madison Travel is coming on the 29th. I have heard so many positive reviews from people who have traveled with this local travel and tours company. I haven't yet heard what they have planned for this year, but I'm sure there are a lot of great options.

Are you new to ACV since the last photo directory photos were taken? I'm compiling a list of people who would like their picture taken for the next directory. When we get enough people on the list, Lifetouch will return to begin putting together our next directory. Those who have experienced a life change (marriage, divorce or death, primarily) and would like a new photo taken can also be put on the list. Once I have enough names on the list, and Lifetouch has been scheduled, anyone can have their picture taken for the next directory, not just new members and those who have experienced a life change. Under this new policy, we should be able to get new directories more often, which is nice.

Do you appreciate your housekeeper, home health nurse, lawn mower, and/or maintenance worker? Please tell them. A kind word of appreciation can go a long way toward raising someone's spirits and making them feel like their hard work is being noticed. While they cannot accept a monetary tip, they can definitely accept a handshake, a pat on the back, and sometimes even a warm hug.

While I'm on the subject, I'd like to say thank you to everyone who has made my transition into Member Services such an enjoyable experience. I'm definitely not looking forward to that fateful day when Ann Thompson finally retires, but if you all keep standing behind me and encouraging me like you have been, together, we'll continue to make ACV a great place to live.

A couple changes that are coming:

We've been looking at the shuttle bus schedule in order to add daily stops at the Jo Kennon Library. No official start date has been set, but be aware that the change is coming.

The day the FNN gets printed will be changing fairly soon. This will affect the delivery date (change it from Wednesday to Thursday) and, subsequently, push back the days covered by the FNN from Thursday to Thursday to Friday to Friday. Again, no date has been set, but it will likely happen in early February. (The submission deadline will remain Tuesday at noon.)

MEMBER SERVICES TIP OF THE WEEK

It's very important to keep your Medicare card safe and in good condition. Your wallet may be a good place to keep it because you can then have it with you at doctor visits. But do safeguard it, as you would an identity document or credit card.

The Social Security department advises against card lamination in general because the card may have built-in security features that could be compromised by lamination. As an alternative, for a few dollars at your local business supply store, you can purchase a plastic ID card holder to protect your Medicare card. The card will be safe, and security features will not be compromised. (The same goes for your Social Security card.)

If you lose your Medicare card, or it gets damaged, you can contact Social Security Administration in any of the following ways to get it replaced: Visit the Social Security website at www.ssa.gov, call the agency at 1-800-772-1213, or visit your local Social Security office.

VOLUNTEER SERVICES Eleanore Catarious—658-5251

Skies may be gray, but your spirits can remain sunny with some tips to beat the seasonal blahs. When the days get darker and the sun sets sooner, it's important to brighten up your day — literally and figuratively. Why not try these mood lifters:

- * Make a photo album — Sort through your photos and assemble the happy ones into a book you can flip through again and again.
- * Color your world — Wear a colorful scarf, buy a pen with green ink, and/or use colorful pillows on your couch.
- * LOL — Laughter reduces stress and overrides other emotions in the moment.
- * Change your routine — Small changes can bring big rewards for our spirits.
- * Employ flower power — People who woke up to flowers and/or plants reported a better mood.
- * Flash a smile — It actually spurs a chemical reaction in the brain. Even forcing a fake smile helps. For best results, smile with your eyes and your mouth.

These ideas have been suggested by Patricia Farrell, Ph.D., a psychologist in Tenafly, NJ, *Woman's Day Stay Healthy*, December 2018.

Now for a look back on bright lights and holiday sights as described by **Jeffrey Bradley** of CH. "A crisp recent December evening found members of the Low Vision Group on a delightful ride tour viewing the Village Christmas lights. Coordinator Nancy Moral, resident **Jonelle Helms**, and Wayne Warner of the Tallahassee Lighthouse for the Blind (he also empowers the group here on a monthly basis) helped organize this special event. Driver **Chuck Eckel** offered commentary and kindly stopped for picture-taking of the more "ooh and ahh!" displays we encountered along the way on a night chill enough to require putting down the see-through flaps and snuggling beneath lap blankets. The deep night sky, star-flecked and endless, formed the perfect backdrop for admiring these festive creations of other adorning dwellings all over the campus. Riders **Dorris Chauncey, Maxine Horne, Michelle McSweeney, Jean Smyth, and Charles Ulrey**, all seemed quite taken with the specialness of the season, an occasion highlighted by stopping at the decorated home of **Jackie and Ray Campbell** for cookies and mugs of hot chocolate where Smiley, their dog, greeted everyone in his usual laidback and friendly way!"

I hope that everyone enjoyed the decorations of Christmas 2018 and appreciate the planning and the executing of such a Village project. Thanks to all who had a part (large or small) in bringing our senses to life in living color.

The January Birthday Party was opened with prayer by James Sutter, who in turn introduced **Chuck Maxwell**, of River Woods, as our guest entertainer. **Chuck** is a magician and treated us to some "I can't believe my eyes!" magic, along with his wife and assistant, **Judy**. Delicious punch, snack baskets and chocolate cupcakes with marshmallow bunny ears greeted the guests as they arrived. Black top hats served as table decorations. Trivia and word search games about magic provided the guests with fun information. Chuck provided the celebrants with his magic, often using volunteers in his skits, some willing and some skeptical. No limbs were lost.

Twelve members with January birthdays were in attendance with six of them winning gift bags. They were **Jeffrey Bradley, Fred Mickler, Frances Rademacher, Terry Setzer, Irvin Verrill, and Barbara White**. The oldest birthday member was **Dr. Fred Mickler** and the youngest was **Sarah Sisk**.

Assistance before, during and after the party was provided by **Annabel and Chris Christiansen, Mary Lou Dasher, Alice Goodwin, Marilyn and Albert Yale, Verna Simpson** is the originator of our colorful and informative posters. Many thanks to the RDR team for their attention to party details and also to James and his assistant for set-up and take-down of the facility.

Please plan to join us on Tuesday, February 12, for the next birthday party when the theme will be "Country Love." Why not mark your calendar now?

Kind words are jewels that live in the heart and soul and remain as blessed memories years after they have been spoken.

VILLAGE LIBRARY Brenda Reas, Reporter

We recently received a large donation of mysteries by various authors, some of which are in large print. We have processed all of the large-print books and are still working on the rest. They may be found on the "New to Us" shelf below the Westerns.

We also have music CDs, books on CD, and next door, a room full of movies on VHS tape or DVD for loan. The ACV Library is located down the hall from the IC and across from the Cashier's office. Drop by and see us.

THE RUSTIC SHOP Myra Webb, Manager

The Rustic Shop is starting 2019 with a bang. Please view the new items that have recently been displayed. You will find a great selection, special prices, deals and steals.

We have unique wall clocks, needle-work, and jewelry items plus many other great finds. Don't forget we are looking for volunteers to cut and sew.

ART GALLERY EXHIBIT Submitted by Chuck Eckel

Jerry and **Barbara Hotmire** of Taylor Commons are new residents at ACV. **Jerry** retired from RCA as an engineering manager and **Barbara** retired from Taylor University where she was a desktop publisher and graphic designer. After early retirement, they went to Kazakhstan as missionaries for three years. Then they worked the last 15 years with a missionary to Mexico while RVing near Brownsville, Texas, and elsewhere.

While in Texas, **Barbara** began to paint pastels and watercolor, and **Jerry** began painting in oil. They belonged to the Brownsville Art League. **Barbara** is also displaying some of her button collection. As a child in Indiana, she visited often with her grandmother Stewart, a member of the Button Society, and helped with her button collection. **Barbara** now has that collection, and **Jerry** has helped frame some of it for this display. **Jerry** has also used his skills to paint artwork on the cabinet fronts in their RV.

The **Hotmires** have three children, seven grandchildren, and a great one on the way. Their family lives in Ohio, Indiana and Florida. They like to be with people, do fun things, and travel. They like Bible studies and of course, enjoy time in the Art Guild at ACV.

Enjoy the work and collections of **Jerry** and **Barbara Hotmire** in the Art Gallery through February.

POLK CERAMICS SHOP Submitted by Laura Putnam

Yes, the New Year is here now, and our winter season is upon us. The Ceramics Shop opened for regular sessions on Monday, January 14, 2:00–5:00 p.m. Elves are invited to come on Wednesdays from 9:00 to 11:00 a.m. — elves being those folk who want to work on items for Village shops, etc., not for themselves.

Now is a good time to think about items for spring and summer: a bunny for the garden, a pretty dish for that "special someone," or maybe coffee mugs for you and your friend. Yes, you can decorate it attractively.

Would you like to do something special as a family group (or even a couple or three friends together)? We may be able to plan a time — morning coffee hour, or evening relaxation time — when you can get together for a couple of hours and do a project together. We will need to plan a bit ahead to coordinate times, etc., but, hey, let's give it a try. Give **Laura** a call at 658-3119, or **DeeJay** at 658-6433.

When you are out for a nice winter's walk, stop by the shop and visit with us for a bit. You might find something interesting to purchase, or to create, or a friend with whom to socialize.

SUWANNEE RIVER STUDIO Submitted by Jé Mordon

Congratulations to **Bill Bruce** and **Anne Donohoe**,

who graduated last week from Art 301, which entailed about a month painting (and repainting) a Steinhatchee seascape. Students held a surprise birthday party for **Bill**, who turned 97 this month. He is still doing beautiful art work.

When asked for any advice for us "young folks," he said, "Be happy. Love your family and friends, and go with the flow."

Can you choose to be happy? Abraham Lincoln said, "Folks are usually about as happy as they make their minds up to be." Don't forget, Lincoln had lost a young son, his wife had mental issues, and he was in the middle of a Civil War when he said it.

Use of Art 101 DVDs is now available free at the Studio for any ACV member who wishes to complete it. We have a DVD station all set up for use. DVDs can be purchased by those who wish to complete the six classes at home. Contact (229) 375-9276 to reserve the DVD station.

A new Studio art show is now hanging at the Jo Kennon Library, along with a new mural for the children's section. Stop in there and enjoy the show. The Studio is open for visitors Friday mornings from 8:00 to 11:00 a.m.

NEIGHBORHOOD NEWS

BUTTERFIELD ACRES

James Sutter, Reporter

As far as I know, we have one birthday and one anniversary to celebrate in this FNN: Art Sheldon completes another orbit around the sun on the 24th, and Steve and Debbie Register are celebrating a wedding anniversary on the 19th. Congratulations to the lot of you.

Don't forget to join us for lunch at 12:30 p.m. on Saturday, January 19, at the Camp Suwannee cafeteria. This is our New Year covered-dish get-together, and we're having lunch instead of supper so that those who would like to may attend the U.S. Navy Band concert at 5:00 p.m. Please bring either sandwiches, a salad, a side dish or dessert to share. See you then!

Did you hear about the bird the vet wouldn't treat? It was an ill eagle avian.

DOWLING MANOR & DOWLING PARK NORTH

Jack Dixon, Reporter

Marvin and Lorraine Casey were very busy over the Christmas holidays. Their two grandsons were both here to visit their grandparents, and their mom, Brenda Reas, in BA. One of the grandsons is in the Navy in Norfolk, VA, and the other is about to be inducted into the Navy in Sulphur, Louisiana. (Thank you, boys, for your service.) Marvin's brother and sister-in-law and another sister were also up from Lakeland to celebrate with the rest of the family.

I heard from **Elaine Bland** that for a week over Christmas her grandson, Zak, his wife, Judy, and her great-grandson, Wyatt, were here all the way from Alaska. You know they had to enjoy our warm weather.

I had a first the other day as a resident of ACV: At the intersection of Dowling Park Dr. and CR 136, someone was not paying attention and pulled right out in front of a vehicle approaching from the left. Unfortunately they met by accident. It did not look like there was anyone hurt; let's hope not anyway. Just as a reminder, even here, away from the hustle and bustle of the city, we must always be as alert as possible.

Barbara and I will have our best friends, Earl & Leslie Elwood from Morganton, GA, visiting this weekend. We are excited to have Earl and Leslie, and hope they find our Village as inviting as **Barb** and I did when we first visited. They will be staying at the Lodge and touring our Village on Friday afternoon. They would be a great addition to our ACV family, but only time will tell. We can only hope.

I am still gathering information on our neighborhood residents. I have had a few nice chats already with some of you and look forward to speaking

to you all. Please keep those emails and phone calls coming in telling me what is going on down your street. So for now, from the middle of the dead end dirt road 102 Place, have a blessed safe week, and never forget WHO is in charge.

EDGEWOOD TERRACE

Verna Piper Simpson, Reporter

We were saddened by the sudden death of **Janet Wesley** this past week, January 8. Condolences to her sister, Susan, and family. May God's love make your lives bearable.

Birthday wishes go out to **Sharon McMann** on the 22nd and to **Loretta Phillips** on January 24. Did you know there are exactly 86,400 seconds in your birthday? Enjoy every one!

Saturday, January 26, is the 4th Saturday of the month. That means an ET breakfast at the Café. We have had very meager attendance at the last few breakfasts, and we are hoping to break that habit at 9:00 a.m. that day. It will be an "order from the menu" day, and we look forward to seeing you there.

I received several \$5.00 donations to the treasury this past week (yearly dues to ET). Thank you to those who remembered. There are still quite a few who may still send it to me at P.O. Box 4494, or drop it by my home. I'm a busy lady. If you want to catch me, early evenings are best.

PARK OF THE PINES

Bob Reynolds, Reporter

A celebration for this week's issue is the birthday of **Tom Branam** on Sunday, January 20. Not sure what the weather will be on that day, **Tom**, but I have a feeling that you might want to dress warm. After all, it is January. Have a day to remember, **Tom**.

Now for the serious news. Did you know that margarine is but one molecule away from plastic? This article is a few years old, but it is worth a read. Leave a tub of margarine in the shade — or in the garage if you have one. Within a couple of days, you will note a couple of things: no flies, not even those pesky fruit flies will go near it. It does not rot or smell differently. Because it has no nutritional value, nothing will grow on it. Even those teeny weeny micro organisms will not find a home to grow. Why? Because it is nearly plastic. Would you melt your Tupperware and spread it on your toast? How many years did we (older) toast eaters use this product on our food? I didn't look for it the last time I shopped, but do they even make it anymore?

Strange items of interest: A thief stole a calendar and got 12 months. A boiled egg is hard to beat. Police were called to a day care, where a three-year-old was resisting a rest. Gads, another week has gone by and still nothing to write about!

FOR YOUR INFORMATION

LIVE! AT DOWLING PARK ARTIST SERIES

Gayle Jones, Reporter

This writer is truly thrilled with the quality of musical entertainment that comes to this small Village in the middle of nowhere. On Monday, January 7, the Fred Moyer Jazz Trio fulfilled this tradition. A grand piano, bass, and drums filled the auditorium with concert-quality music.

Fred Moyer has been a concert pianist for over 35 years, performing with most of the major orchestras in the U.S. and in 43 countries worldwide, including such venues as Windsor Castle and Suntory Hall in Tokyo.

Fred Moyer's approach to jazz is unique. He explained how he would listen to audio recordings of artists such as Oscar Peterson and Dave Brubeck, and then transcribe the pieces note for note, developing a wonderful classical sound. Many attending were not "jazz fans" and knew little about it, but were delighted with the talent of these three musicians: Bob Teneen, drums; Lowell Ringle, bass; and Fred Moyers, pianist extraordinaire. We learned after the concert that Lowell, an amazing young musician, joined the group for the first time here in ACV.

Never hesitate to come to the concert series because it may be unfamiliar or "not your taste" in music; you may find something new to enjoy during the evening.

Please give a grand thank you to Dick Grillo for engaging these fine artists to come to our Village. Join us for the next concert in our series: John Denver Tribute with Artist Ted Vigil on Monday, February 4, at 7:00 p.m., in The Village Church.

NEW PHOTOS IN PC

The new photos in the PC are of the theme "Churches: Inside or Outside". Thanks to **Dick Soddors, Jay Dresser, and Judy Hatch** for some great photos! Be sure to check them out the next time you go to the RDR or Lopin' Gopher.

The next theme is "Animals, Including Pets", and after that, "Historic Buildings, Monuments, National Parks, etc." And finally, for July, "Sunrise — Sunset". So please send me any photos you have for those themes.

THANK YOU

I'm very thankful to ACV for allowing me to work here since July of 1982! Through the years, my passion has been Dacier Manor. I appreciated all the residents, their families, and friendly staff members and volunteers I have met and served or served beside. My retirement was timely as my "Pops," **Dorian Williamson**, had been hospitalized since November 2 is now home as of January 8. With my husband, Allan, my sister and brother-in-law, Glenda and Steve Robinson, my children, Josh Hanusek and Lisa Gill (Kelly and Kathryn), we have been able to help mom (**Arlene**) and Pops to remain at home. A big thank you to ACV Home Care for your wonderful services!

Again, thank you to so many for your kind words during my retirement party at DM, the service plaque and Bass Pro gift card from ACV, the DM staff, and all of my friends, Margie Huffman playing the piano, and my family being with me for a very special day — my brother, Kelley Neal, flew in from Maine! Thank you, all.

P.S. Crystal and DM team: Keep up the good work. You all are the best!

Beth Smith

Thank You! The family of **Barbara Spradley**, who was a resident of CH, would like to thank all of the staff

and dear friends of Bobbie's from Advent Christian Village for making the last leg of her life so enjoyable!
