Lake Prince Woods

fun retirement living

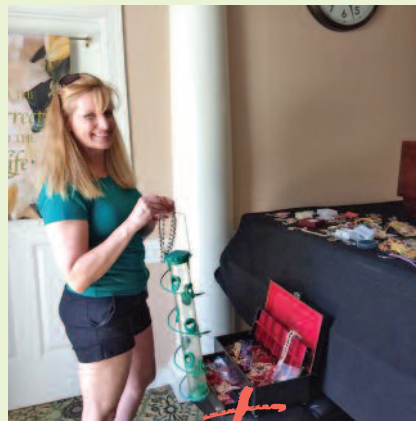

Dorothy “Dot” Hill celebrates her 7 year anniversary this Spring with Lake Prince Woods. Dot was born and raised in Portsmouth, VA. Later she attended the University of Richmond located in Richmond. Dot was a devoted wife, mother, and teacher. She was married for 70 years and has 4 children, 3 girls and 1 boy. Dot was a teacher and also worked in the home for several years. As an educator she played a significant role during the civil rights era. “I loved teaching so much but I am glad I am retired,” she said.

Lake Prince Woods is a Continuing Care Retirement Community that offers an array of living options with each individual resident in mind. “They’ve got it all,” said Dot when asked why she decided to move in 7 years ago.

“I wouldn’t change a thing about my decision to move. It has truly been a blessing and an opportunity for me to have fun, branch out to meet new friends and stay active. Did I mention fun? The social happy hours are my favorite. It’s truly a place where neighbors become friends.”
