Our memory care unit is in need of new porch swings for the residents to enjoy while spending time outside. We have a need for 2. If you or someone you know would like to donate the swings,

please let us know! We would be happy to offer you a receipt for your donations.

Thank You

The family of Laura McGee would like to express their sincere appreciation to all the many staff employees that cared for or interacted with my mother during the four plus years she was a resident at Stanley Total Living Center. The love you shared with her was so meaningful and comforting not only to her but also to family members. She always felt this was her home. The employees truly live the Mission Statement.

Sincerely,

Jim, Barbara McGee, and family

We Love Pets!

It's that time of year to send in current rabies and vaccination records for your beloved pet that visit at STLC. We've updated our pet policy and wanted to be sure you were aware of the changes. Read the changes highlighted below. Please bring in or fax your pet's up-to-date vaccination records so he/she can continue to visit with our residents! Deadline for up-to-date records is July 31, 2017. If the pet doesn't belong to a resident here, please add the name of the resident that the pet visits for our records. Thank you for your support to keep our pets close by! Have your vet fax it to: 704-263-8959
Attention: J. Benton, Activities

Pet Visitation Updated 6-16-17

Policy:

Stanley Total Living Center welcomes pets to visit residents in the facility.

Procedure:

- 1) The visiting animals must:
 - Be at least 4 months old
 - Be spayed and/or neutered
 - Hold a current license with appropriate animal control authority
 - Be fully inoculated with a copy of records to submit to the Activity Director **prior to first visit**
 - Be clean and well groomed
 - Be completely free of fleas
 - Be house trained
- 2) Pets should be appropriately socialized and friendly towards people and other animals. Any sign or incident of aggression will result in removal of the animal immediately.
- 3) Pets must be on a leash or in a carrying cage at all times while in the facility hallways or on the grounds. Dogs that have been deemed as facility pets may wander the facility and visit with residents off leash.
- 4) Pets must not be left with residents or in a resident's room unaccompanied. Any animal discovered being left with a resident or left unaccompanied in a room will be prohibited from visiting. Service animals must be in the control of their owner/handler at all times.
- 5) Pets should be relieved outdoors. All waste should be picked up and disposed of in an appropriate receptacle. Pet owners are expected to carry a cleanup kit at all times. If a pet has repeated indoor accidents, workplace privileges will be revoked until the pet has demonstrated successful housetraining due to safety and infection control concerns.
- 6) STLC employees may request to bring pets to work on a limited basis from their direct supervisor. Consideration will be given to the employee based on the type of work required and if the daily tasks can be done without being unduly distracted or interrupted by the pet's needs.
- 7) Animals are not permitted in the kitchen or break-rooms at any time. Animals are not permitted in dining rooms during meals services.
- 8) Pet owners assume complete liability for their pets including any injuries that may occur to the pet or others by the animal should and incident occur. Our facility insurance company notes the following list of dogs as an "aggressive breed". It is highly suggested that friends and family members not bring these breeds of dogs in to visit. Willingness to bring a dog from the list posted below will be at your own risk should an incident occur and the dog handler/pet owner will be held responsible for damages. STLC employees may not bring any of the following into the facility at any time.
Pitbull, Rottweiler, Doberman Pincher, Alaskan Malamute, Siberian Husky, Mastiff, Wolf Hybrid, German Shepherd, Presa Canarios, Great Dane, Chow Chow and Akita.

The Activities department is in the process of developing a DVD lending system for the residents to have access to movies to enjoy in their leisure time. If you have DVD's (NO VHS tapes) that are in good shape that you would like to donate, please send them to the activities department. Thank you for your support.

With Sympathy

Memorial Service

Tuesday, July 25th 2017 at 10am.

Family and friends are encouraged to attend.
