National Family Caregiver Month

Probably each of us know someone who plays a role in caregiving. After all, at some point we are all either a sister, brother, parent, cousin, friend, or neighbor that contributes to the well-being of another. In this role of caregiving, each of us withdraw from our cornucopia of abilities.

While caregiving can be rewarding, it also requires incredible amounts of mental, physical, and emotional energy. It is easy to over draw from our resources and begin to experience caregiver stress! Our community has resources to help when the stress takes over and burnout set in. Here are a few of the resources available:

- Area Agency on Aging offer a Caregiver Support Group held the last Thursday of each month 10 am & 2pm.
- The bakers rack outside the IL Office contains information on caregiver agencies, helpful services, and educational materials.

- MP Library has a section on caregiving, Alzheimer's, and Dementias.
- Manor Parks is a part of LeadingAge Texas, a non-profit association, who provide resources on the website www.leadingage.org/caregiving-resources
- The Alzheimer's Association provides educational programs to caregivers as well as provides resources at www.ALZ.org

Chaplain Chat

Here we are in looking at 2018 soon coming to an end. Yes, I realize we have two months left in the year, but man-o-man, the time just seems to have flown by this year. I am sure these last two months will go by quickly too. This year has been, depending upon your perspective, filled with good and possibly some not so good things.

Hopefully, through everything that has happened to you this year, you have felt God's presence with you. It is the time of year when we usually make a concerted effort to look back and see where we have been, what we have come through, where we presently are and possibly refocus the dream of where we would like to be in the short term or longer term in life.

Hopefully, we can live life to its fullest each day, even in the mist of sometimes difficult circumstances. You all know life can throw us some curves. That goes without saying. The question is what do we do with those curves? Do we face the challenges that come and work toward a better outcome, or do we let these difficult situations determine our attitude and feelings toward the situation and toward the people with whom we come in contact?

As we get towards Thanksgiving, my prayer for each of you is that we can look at our lives and be thankful and happy about our relationships, keeping in mind that "you should love our neighbor as yourself." – Leviticus 19:18. Also keeping in mind the balance that this takes each day.

Blessings, Chaplain Bill Billett BCC

Do you have a prayer request? If you would like to be added to the prayer list, place your request in one of the boxes located around the campus. Requests are collected and distributed to the Manor Park prayer group.

Housekeeping

The fall season is right upon us and before you know it winter will be here. Now is the time we should be thinking about storing up our summer wear and getting our winter clothes ready. The most efficient way to do this is to organize those closets.

Where do we begin?

Start by removing all the clothes and accessories from your closet and organizing them by type: shirts, pants, suits, dresses, coats, shoes, belts, and handbags. Set aside the things you don't wear anymore, and consider their future. This can be quite a hassle. Consider having the Handy Housekeeper help lighten the load.

Handy Housekeepers can help with those home duties that are time consuming and difficult to accomplish. Specialty house services can be hired for a nominal fee so you can enjoy your retirement lifestyle.

Wellness Center November 2018

Happy Thanksgiving Manor Park!

November is National COPD Awareness Month, Lung Cancer Awareness Month, and U.S. Antibiotic Awareness Week! A lot of different health observances that we will have events for!

Don't forget that the Wellness Center will be CLOSED November 22nd and 23rd for Thanksgiving.

The Walking group will stop meeting due to the cold weather, but that doesn't mean you have to stop being active! There's multiple ways to replace the activity. Going on an after-noon walk when it's less cold, walking indoors (like from the Wallace building to Mabee), or going to the Wellness Center to walk on the treadmill are all good alternatives.

Manor Park Endowment Funds

Manor Park has two types of Endowment Funds. The first is an unrestricted Endowment Fund that is available for support of Manor Park's operations and may be Board of Trustee designated as to the specific use. These unrestricted funds have also been designated to support financial aid for long-time residents of Manor Park who evidence inability to pay the monthly fees set by the Board and who can meet the requirements for Medicaid support. When memorials are designated to support the "Endowment", this is the fund where they are directed.

The second type of endowment is a permanently restricted Endowment Fund. These endowments are established by individual donors and they are subject to the donor's restrictions. The corpus of the endowment is invested with the income and gains being available for a specific purpose. An individual donor may establish a permanent Endowment Fund in their name or another person of their choice for a minimum donation of \$25,000. Donors may restrict the use of the income to support the purpose that they wish. Additional contributions may be added to the endowment by the donor or others to grow the principal of these permanent Endowment Funds. This is a wonderful way for you to leave a legacy that will perpetually support Manor Park's mission to provide quality homes, healthcare and services for adults.
