C.A. SMITH HOUSE

The Historic C.A. Smith House in Chester is set to become the new corporate headquarters for True North LLP according to Scott Fox. True North LLP is a Business Advisory, Bookkeeping, and Technology Services firm offering a variety of business services to small and mid-size companies.

“The Fox family purchased the C.A. Smith House in 2012 with the intent of preserving and restoring the turn of the century mansion to its original condition. Our family’s biggest motivation was to restore the house to the prominence it once held overlooking Rock Springs Park and the City of Chester.” said Scott Fox.

“After speaking with Chuck about his need for additional office space in Chester due to True North’s rapid growth and learning more about Chuck’s focus on our local

community, I realized we had a shared vision. The CA Smith House provides an excellent hometown solution for supporting True North’s growth, and the Fox Family is pleased to find a sustainable use for the building, while supporting business development in the community. It just made sense for True North to be here.” Added Fox.

True North and the Fox Family are both committed to providing community access to the CA Smith House through hosting opportunities for civic, business, and community-based meeting and event space. The goal is to continue to have the CA Smith House be an active part of our community for years to come. Renovations are scheduled to be completed this fall with True North set to occupy the home in December, 2017.

She was born and raised in East Liverpool, Ohio and currently resides in Wellsville. She has three children, Jake age 17, Ian age 14, and Maggie age 12.

Sherry enjoys the residents and they remind her of her grandparents. Spending time with the residents is one of her favorite parts of the day. They always know how to make her smile. "The residents of The Orchards are so sweet and treat you as their family", Sherry says.

First Responders

HOLIDAY PROJECT

This year's Holiday Project will be for the First Responders in our community. A first responder is often a volunteer, trained to respond to an emergency, such as a firefighter, E.M.T. or police officer.

There will be two parts to this project. The first will be a First Responder breakfast, held on November 14th. First Responders in our area are invited to enjoy breakfast at the Peachtree Inn.

The second part will be cards and cookies. Residents and our campus community will be working together to make cookies and cards to deliver to First Responder stations to say thank you for all of their dedication and hard work. They will be delivered on the 12th of December. If you would like to help make cards, cookies, or to donate cookies, please see Kim Bullock to find out dates. Cookie donations should be donated by December 11th.

JUSTIN SHAW, FIRST RESPONDER

Mr. Shaw has been a First Responder for 17 years. He began his journey as a volunteer firefighter, which has state requirements, then branched out with a 3 month course to become an E.M.T.

They respond to many situations. House fires, medical calls, cardiac arrests, over doses and river rescue are just a few on the list.

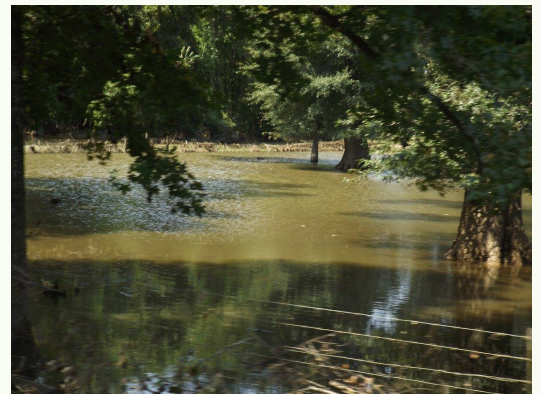

Justin's call begins with heading to the fire station to grab gear. The gear ranges, depending on the situation, from fire hose and protection to thermal cameras. He then proceeds to the scene. In the past, he has been the officer in charge. Now, he drives, pumps the truck and goes in to fight the fires. Depending on how many are able to help, they band together and do what needs done to get the situation handled.

In August, Justin had been following the path of the hurricanes, in particular Hurricane Harvey. He thought he would try to help those in Texas and started taking donations to transport down. His goal had started out with a truck and trailer. He received such a great outcome from the community, it turned in to two trucks and trailers, along with a box truck.

Once loaded, they traveled down to Bonwier, Texas in Newton county where they unloaded, received a hot meal and some rest, then came home. They were able to supply three relief centers with all of the donations.

As a First Responder, the greatest help from the community is volunteers, along with monetary donations. Many of the local Ambulance services are non-profit. The firefighters are always seeking volunteers.

Peachtree Inn

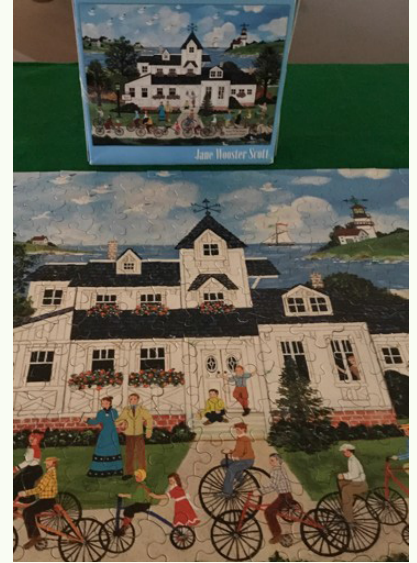

TRICK-OR-TREAT

The public brought the children to our annual trick-or-treating across campus. The residents passed out the candy. They loved seeing the kids in their costumes. A good time was had by all.

FEELING PUZZLED

Since the weather is changing, it is time for an indoor activity. Glo Randour asked that we start working on puzzles. The puzzle is left out in the activity room for anyone to participate. Any help is appreciated.

APPLE BUTTER TIME

The ladies from Peachtree Inn took a trip to Peace Valley Orchards. The sun was shining and the leaves were just starting to turn. Honey Crisp apples were bought to make apple butter. The ladies peeled the apples to make apple butter in the crock pot. The apple butter cooked all night. Then, it was served on fresh-baked bread for a light lunch.
