

## Look who's talking about *Meadow Lakes*

*Garden Homes and Assisted Living have been created for residents who desire amenities that accompany living in a senior living community. Our Assisted Living Apartments and Garden Homes are available in a variety of floor plans, making a familiar and comfortable atmosphere where family members and friends can visit.*

Eighty-five year old Bob Dalton moved to a Garden Home at *Meadow Lakes* in July of 2009. Bob no longer wanted to take care of a single family home on his own. *Meadow Lakes* was a perfect solution for Bob, allowing him to be independent in his own home without any maintenance or landscaping responsibilities. Although Bob still drives, he can also take advantage of our free

transportation to run errands or to join neighbors for a social outing.

There are many things Bob appreciates about living at *Meadow Lakes*. He participates in the New Energy Wellness Fitness Program which helps him to increase his strength, energy level and general fitness. Bob enjoys putting with the flowers in front of his garden home and chatting with friends as they pass by on their daily walks. He often attends the free luncheons held in our *Meadow Lakes* Clubhouse.

Bob volunteers to show his Garden Home to prospective residents. He enjoys meeting people and answering their questions about *Meadow Lakes*. Bob always tells folks how much he loves living at *Meadow Lakes*. He wants them to know how safe he feels here thanks to our 24-hour nursing staff. Bob has been battling a serious illness and recently needed to push the button on his emergency pendant. "There were two nurses at my door within three minutes. They checked me out, took my vital signs and helped me to get the additional help that I needed." Over the years *Meadow Lakes* has become Bob's home. "Everyone is so pleasant and helpful here. I can't imagine living anywhere else."

*"Where caring people  
make the difference!"*
