Spring & Summer ~ 2018

HOME WITH Lakeview

Fairmont's Most Complete Senior Health Care Campus

Our mission is to demonstrate God's love for His people through life enhancing supportive services for older adults and their families.

Deb Barnes
Administrator

A place in the community *for Future Generations*

There is a specialness about Lakeview Methodist Health Care Services that is not seen, but felt. The aura of love and concern and dedication to our Mission is evident in every act and every word. That mission of sharing God's love is uppermost. It guides us and defines us.

As a staff of imperfect people we recognize that sometimes we need new direction, sometimes we have to change our course and sometimes we have to follow new methods. We do these things eagerly and willingly to be the best we can be for the people we serve!

The history of Lakeview is rooted in God's Word, built for the purpose of caring for those no longer able to care for themselves. This rich heritage is never forgotten; we are reminded of the very hard work of our founders in the Methodist churches and their undying perseverance to see Lakeview become a reality fifty years ago.

And now it is our turn. Our forefathers work has lasted for five decades and now we have to step up to assure that Lakeview humbly and solidly serves this Fairmont community for many years into the future in all aspects of senior living.

If in need of skilled nursing care, Lakeview is the sole choice. Let us make sure that through our prayers, our generosity and our foresight, it is a place second to none; a place of warmth, a place boasting state of the art equipment, a place beautifully designed, a place of welcome, comfort and vitality.

Deb Barnes, Administrator

Campus Upgrades

With the plans to construct a new building already drawn, we still recognize the need do some minor face lifts in the meantime to make Lakeview feel more like your home.

EMPLOYEE STAFF TRAINING & DEVELOPMENT

At hire, a new employee is required to submit their fingerprints to the Department of Human Services for an extensive background check to be performed. Upon successful clearance of a background check, all new employees are required to complete 10-12 hours of online regulatory training. This ensures that from day one, our staff are competent and well versed in any situation they may encounter while working in Long Term Care.

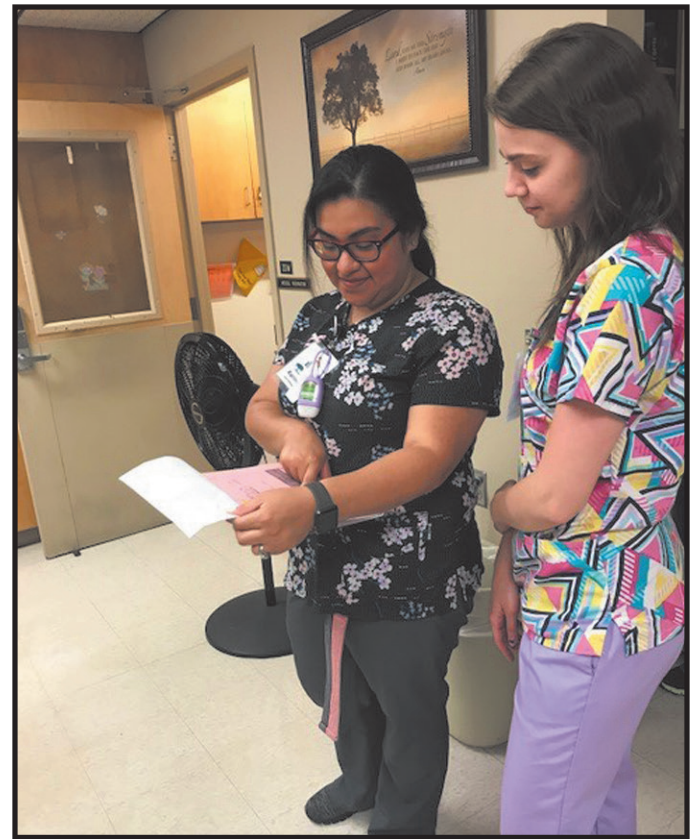

After mandatory online training is completed, staff are trained side-by-side with current staff and shown the ins and the outs of the position they will fill. This opportunity gives a new employee adequate time to see the realities of the profession they were hired for and an opportunity to learn how to implement the Lakeview Mission: ... to demonstrate God's love for his people through life enhancing supportive services for older adults and their families.

Nursing staff are also required to attend 12 hours of training sessions per year. Additionally, our nursing staff are required to attend once a month mandatory meetings instructed by our Director of Nursing on a variety of quality enhancing topics.

All staff, regardless of department, are trained annually in a variety of relevant topics such as abuse prevention and prohibition policies; resident's right to be free from abuse, neglect and exploitation; dementia management; HIPAA laws; infection control; emergency and disaster plans; and countless additional topics.

Licensed RNs and LPNs are required by the state nursing board to complete additional CEUs (continuing education credits) in order to keep their licenses current. Lakeview offers a complete library of relevant courses through our online training platform, free of charge to our staff.

It is our goal at Lakeview to ensure our staff are properly trained, continually educated, competent and have all the tools necessary to give the best care possible to you and your loved one.

Employee Training On Our Campus, We Understand It's Importance

Our Nurses Make The Difference

Nurses give from the heart - making the world a better place for those whose lives they touch.

Lakeview Methodist Health Care Center Is So Thankful To Be The Employer Of Choice For 30 Licensed RNs And LPNs!

NURSING UPDATE

We continue to be very excited about our Restorative Sleep Program! As we learn more and more about a lack of restorative sleep we see that it leads to a host of other issues, including falling, weight gain, high blood pressure, heart disease and depression, to name a few. Our goal is to promote active involvement during the day and evening, and restful, restorative sleep through the night for each of our Residents. We will be monitoring sleep patterns as one of our first steps, so stay tuned as this program progresses.

Bryon Nelsen

In February, our state surveyors arrived for their annual inspection, and we had a very good survey thanks to our very hard-working and conscientious staff. The federal Centers for Medicare and Medicaid Services, in reviewing the work of the states, does an additional survey in a random 5% of each state's nursing homes. Well, this year Lakeview was chosen in the 5%, so in March we had another survey team in the building for a week! (Survey results are always available at our front entrance.)

Our Antibiotic Stewardship and Infection Control Program audits are showing great results thanks to our administrative nurses. Another very exciting development is that our state association, Leading Age MN, has developed an online nursing assistant course, which will allow applicants who want to be nursing assistants to start their coursework immediately, and of course then be able to start employment much more quickly.

As you see in the article above, the application and orientation process is long, so an easier way to take the classwork is a great plus!

Bryon Nelsen, Director of Nursing

EMPLOYEE Spotlight

Prince Lebbi

When my grandmother would meet a very kind, thoughtful young gentleman, she would always say, "He is a prince of a fellow!" Lakeview's Prince Lebbi is indeed a kind, thoughtful, young gentleman, always looking at ways to make things better for our Residents.

Prince was born in Liberia, West Africa. There are no social programs in Liberia, so his Mom even had to pay for him to attend grammar school! When Prince was 9 years old, civil

war broke out in Liberia, and his Mother was murdered. Prince then had to depend upon Aunts and Uncles and Friends until he finished school. Because Prince was outstanding in soccer and track he received several scholarships, and got his degree in

accounting. After an internship with a Liberian government agency, he was hired by that agency full-time, and it was through that job that he was given the chance to come to the United States.

So in 2008, Prince left his wife Julia and his sons Isaiah and Jeremiah to come to the United States and to pave the way for his family to join him. After working in the Cities for a few years, Prince decided on a career change and came to Fairmont to attend Presentation College for Nursing. Although Prince visited his family several times, it was not until 2017 that his sons Jeremiah and Isaiah joined him in Fairmont. He is hoping that before the end of 2018, the mountains of immigration paperwork will be completed for Julia to also come, so their family can be complete once again.

Prince is filled with ideas and enthusiasm, and has very little patience for complaints about unimportant things. His very keen observation of U.S. citizens is that "people that have lived here all of their lives have no idea how much they are getting back from their country."

Prince gives glory to God for all of the blessings of his life, and is devoted first and foremost to being a follower of Christ.

Deb Barnes, Executive Director

CONGRATULATIONS!

**Glenda Clifford,
Housing Director,
retired on June 1st.**

For the last 30 years, Glenda has been an integral part of Lakeview, Maplewood and Woodland Manor and she will be dearly missed by her co-workers and residents!

In her retirement, Glenda plans on doing some traveling.

Thank you Glenda for your service!

A Royal Wedding Celebration

Some Of Our Residents Enjoyed Watching The Royal Wedding In True British Fashion!

CAMPUS ANNOUNCEMENTS

We will be having a Men's Picnic on campus Friday June 15th in honor of Father's Day.

SAVE THE DATE

Our Annual Family Gathering is scheduled for Sunday September 9th from 11am-1pm. We are inviting residents and their families to attend church here on campus. This is Grandparents' Day so our sermon will be focused on grandparents. We would like to invite you to stay for Chris Cakes which will be served from 11 am - 1 pm. The menu will include pancakes, sausage, fruit, juice and coffee.

Visit Our "This & That"

Open Monday - Friday 10:00 am-3:30 pm

While shopping in our Gift Shop enjoy a cup of gourmet coffee, a specialty drink and a variety of baked goods.

GARDENING

Residents Enjoyed Time Outside On Our Patio Planting Flowers In Our Raised Beds.

Celebrating Our First Health Support Specialist

Lakeview's own Mike Maday recently graduated with the title of HSS, Health Support Specialist. We are honored to call Mike a member of the Lakeview team.

"Some Health Support Specialists (HSS) say the highest honor of their career is to walk across the stage during the general session at Institute as they are recognized for completing their coursework, advancing their skills and furthering their commitment to care for our aging population. During this year's Institute, you could feel the immense pride overflowing in the room from family members, college faculty, co-workers and others as our HSS graduates were announced including Mike Maday, Lakeview Methodist Health Care, Fairmont.

Mike Maday
Health Support Specialist

- **How has taking the HSS program changed you?** *It gives me a different outlook at life. How people and seniors should be treated. It showed me how to improve myself and how I can be a mentor to help people.*
- **How has the HSS program changed how you work as a caregiver?** *I now think more about our seniors and how they may want to be treated or shall I say how I think they should be treated. To be kind, give dignity, respect etc. For me the list can go on and on."*
